

The First Borderless Job Platform

Connecting blue-collar workers and employers directly
- across borders and locally

The Problem

Workers and employers cannot find and meet each other

- Workers cannot reach employers
- Employers cannot access candidates directly
- Recruitment is slow, costly, unreliable
- Cross-border hiring depends on agents

Our Solution

Direct connections between blue-collar workers and employers

- Smart search and filtering
- Real-time chats and video calls with AI translation
- Verified profiles and mutual ratings
- Visa and relocation assistance via partner network

Product in Advanced Stage of Readiness:

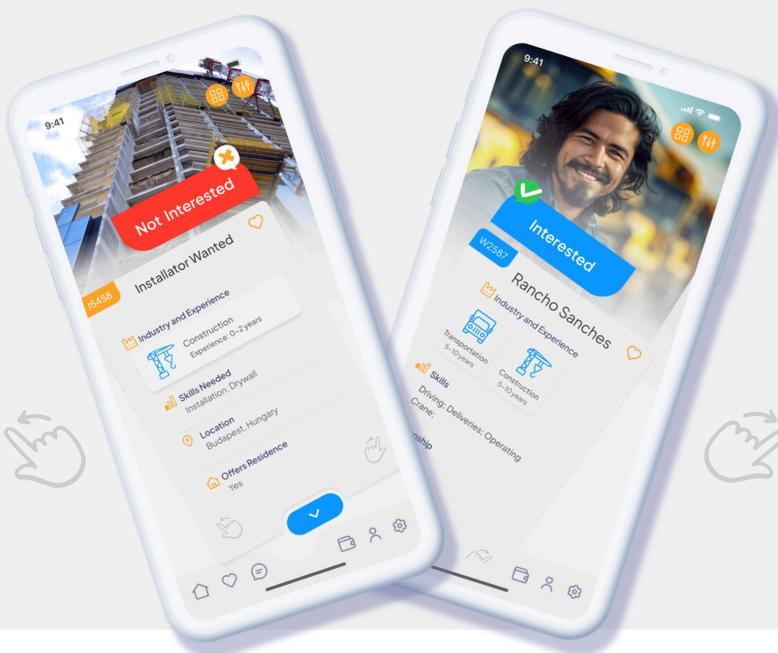

- MVP completed
- Approved on Google Play
- Apple iOS approval in final stages
- Ready for controlled pilot rollout

How It Works

Swipe → Match → Chat → Work

Mobile app for iOS and Android with chat, video calls, document uploads, and translation built in.

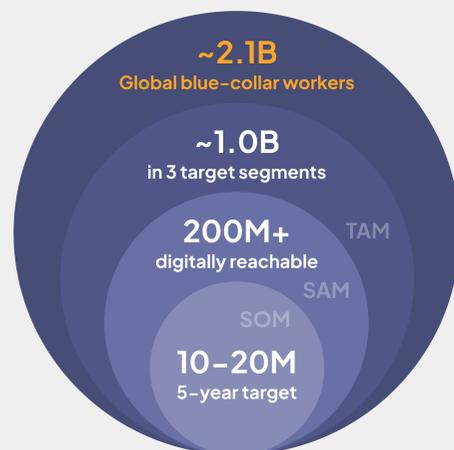

It's a match!
Let's chat

Market Opportunity

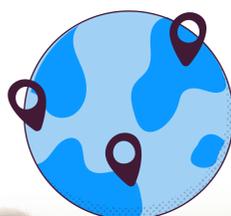

Global blue-collar worker target population of over 1bn

A vast, underserved population increasingly reachable via mobile-first platforms.

Business Model: Credit-based

Workers and employers purchase low-cost digital credits to connect directly.

Highly scalable, high-margin revenue model

Seed Round (Now Underway)

Raising \$3M to go from Pilot through Commercial Launch to breakeven in 18-24 months:

Mission & Impact

WWWorker strives to create a world of equal opportunities for all:

- 1 Reduce Poverty
- 2 Decent Work & Economic Growth
